## EXPERIENCE

**Application Developer/Digital Project Coordinator**
2017 - 2019 / **Brodnax 21C Printers/Varidoc**

- Wrote high quality source code in Javascript, MSSQL, JQuery, and Coldfusion to program complete applications within deadlines.
- Troubleshoot and debug applications.
- Evaluated existing applications to reprogram, update and add new features.
- Determined client portal requirements and how they translate into application features and project scope.
- Collaborated with a team of professionals to set specifications for new applications.

**orderTalk** acquired by **Uber**
2014 - 2015 / **Front-End Developer**

- Created UI Layout and design through HTML, CSS, Javascript, AngularJS, jQuery and use of XML/JSON data objects.
- Demonstrated understanding of dynamic, database-driven websites.
- Worked with ASP.Net and Ajax.
- Utilized Web Content Management System.
- Developed responsive websites utilizing best practices, usability, accessibility, and cross-browser compatibility.
